

While it may be simplistic in its approach, to be successful Hiroyuki Hirano's 5S System requires the full participation of stakeholders, from management and executives to workers on the floor and office personal. Ideal for managerial teams who want to build awareness of the 5S system or sell executives on the value of its execution, this DVD provides an overview of the system's key elements: Sort, Set In Order, Shine, Standardize, and Sustain. Adhering to the principle of efficiency that defines this revolutionary and proven system, the video succinctly explains what is involved, who should participate, and what it will take to get started.
