

Out of the embers, a new race of humankind and dragon is forged. For fifteen-year old twins Lana and Aden, the black eggs they find in their poor, desert village are a way out of their miserable lives. With a little gold in their pockets, the sisters can escape the annual marriage auction - and the mysterious eggs should fetch quite a price. But when tiny dragons hatch from the eggs and the sisters are torn apart by their conniving mother, everything changes. As the sisters fight to reunite, their journey is plagued with dangerous strangers and an unforgiving desert. It is only when they discover the dragons unique powers, do the sisters realize their potential to change their world. If you loved Game of Thrones or Dragonriders of Pern, you wont want to miss EMBERS!
