

With public confidence in representative institutions dropping to distressing levels, it is time for political theorists to turn their attention to representation, and to reconceive its normative foundations and connections to other aspects of a revived public life. This volume investigates theoretical and practical aspects of innovative political representation in the early 21st century. Some contributors tackle problematic dimensions of representation head on, while others explore democratic participation and deliberation, multicultural pluralism, contested citizenship, and other background conditions of contemporary representation. Still others consider the challenges posed to representation by national minorities, national boundaries, multinational and federal governance, and cultural and social obstacles to either individual or group autonomy. Throughout, the volume reveals the complexity of contemporary political representation, and demonstrates how normative attention to the problem of representation can crystallize and illuminate debates over the nature of justice, equality, citizenship and deliberation in modern democratic politics. A crucial supplement to empirical studies of conventional political representation, *Representation and Democratic Theory* offers a timely and thought-provoking contribution to contemporary democratic theory. It will be a necessary and welcome addition to the libraries of many political and social scientists.

Legal Architecture: Justice, Due Process and the Place of Law, Diagnosis: Breast Cancer: The Best Action Plan for Navigating Your Journey (Volume 1), Madonna (Pop Cult) (Paperback)(Oop) (Pop Culture Legends), After the Tears: A Wifes Journey Through a Pornography Addiction, Border Film Project: Photos by Migrants & Minutemen on the U.S.-Mexico Border, The Year after Childbirth : Surviving & Enjoying the First Year of Motherhood, Eighty-Eight Mistakes Interviewers Make: and How to Avoid Them,

A crucial supplement to empirical studies of conventional political representation, *Representation and Democratic Theory* offers a timely and thought-provoking. The topic of political representation has become increasingly visible and important within contemporary democratic theory for two reasons.

In *The Concept of Representation*, Pitkin identifies four distinct views an account of both how democratic political representatives act. examines the connection between representation and democracy. representation; that is, the representative turn in democratic theory. Here we a,b; Warren ). limit our attention to recent developments in We review the concept of representation democratic theory, which has been as. concept of representation in theories of democracy (I). It then con- sideres the role played by that concept, respectively, in James Mill's theory of democracy, as.

This article discusses political representation and democracy, and argues that the character and quality of policy representation varies. These would depend on .
