

When the American Ambassador to Iraq announces her true identity and sparks the Revolution and Reformation of Islam on a global scale, the world is turned upside down. Safina is the first book in a trilogy that spans three generations of thrilling intrigue and courageous commitment to the struggle for freedom. From her cruel beginning as a child bride in the deserts of Iraq, to the highest society of European aristocracy and power, Safina joins forces with Lieutenant Colonel, Brecken Petersen, a United States Marine Special Forces combat-hardened veteran, to take her position as the most powerful leader on the planet. Safina, Daughter of Islam is a story of love, intrigue, and bravery. Plunge into the perfectly choreographed hand-to-hand combat and the expert use of martial arts and sophisticated weaponry. Learn about state-of-the-art new technologies that will be deployed in the future. Find out what happens when Iran launches a crippling nuclear strike on Tel Aviv. Look into the heart of a woman torn between two men and her mission. Witness the birth of a new world that we can only dream of in our current political dynamic. Go behind the scenes of power and perceive the core universal truth: individual voices of freedom can drown out the collective screams and chants of all the worlds tyrants. Envision a world scarred and shredded by horrendous wars of brutality, and squandered human resources. Watch as patriots battle to pull liberty from the ruthless jaws of fanatical zealots and political opportunists. It would seem that all is lost but then.....There are no stories as timely as this one. There are no more plausible solutions to the current chaos of world events as they unravel around us. After reading this fictional story - you will be entertained, but you will also be informed about the realities of Islam vs. the rest of the worlds inhabitants. There are two more volumes in this trilogy. Hopefully you will get a chance to read them before it is too late.
