

In this groundbreaking and provocative book, Jonathan Malesic argues that the best way for Christians to be caretakers of their tradition and to love their neighbors selflessly is to conceal their religious identity in American public life. The alternative--insisting on Christianity's public visibility in politics, the marketplace, and the workplace--risks severely compromising the distinctiveness of Christian identity. Delving deep into the Christian tradition, Malesic explains that keeping Christian identity secret means living fully in the world while maintaining Christian language, prayer, and liturgy in reserve. He shows how major thinkers--Cyril of Jerusalem, Soren Kierkegaard, and Dietrich Bonhoeffer--sought to protect Christian identity from being compromised by the public sphere. He then shows that Christians' dual responsibilities for the tradition and for the neighbor must be kept secret.
