

Revisit the world of Aertoth in this new collection of short stories by author Ren Cummins. This anthology contains five new short stories and novellas featuring some of the Chronicles of Aesirium's favorite characters, telling some of the legends from both before and after those events. The Tales of Aesirium includes the following stories: Everybody's Cousin - in which we learn how Cousins got embroiled in the events of Reapers Return, and how he came to find the Morrow Stone. Harvestday - taking place in between Reapers Return and The Morrow Stone, we share a moment of peace with Rom and her friends. In Reapers Breath, a citizen of Oldtown comes face to face with the legend itself - a Reaper. The Wicked Witch of Oldtown - Mulligan and Rickets have to learn to work together to investigate a new threat to their city. Will they put aside their differences before it's too late? Finally, in Irresistible, we follow the newly-awakened Force as she investigates a grave new mystery that lies at the very heart of the once-proud (and now abandoned) city of Aesirium. Will her unshakable power be enough to confront this ancient evil? Tales of Aesirium is a collection of five short stories and novellas, with more than 40,000 words of science fiction and fantasy, with a touch of steampunk.
