

This second volume of the Xzendor7 Fractal Art Composition series features a unique set of images that take a different approach than the approach that was taken to create the images in the first book. The resulting imagery is a fascinating mix of fantasy and science fiction art, that's been created using fractals instead of being painted digitally. The book includes 25 main images of the most popular Xzendor7 Fractal Art Compositions Of 2013 with title and the number of fractals required to make the image. If you like fringe artwork this book will fit nicely in your artbook library and make you wonder about the visual and thought process required to take abstract forms to create non abstract imagery.

The Eighth Night of Creation: Life on the Edge of Human History, Saved and Sober: One Step Addiction Recovery,...John 3:3, Frommers Walking Tours: Venice (Frommers Walking Tours & Memorable Walks), Atomic Mouse #1, Nutrition and Diet Therapy: Self-Instructional Approaches 5th (fifth) edition, Celebrating Harvest (We Love Holidays), Building Hypermedia APIs with HTML5 and Node, Sabretooth and Mystique Issue 1 December 1996 Old Sins Cast Long Shadows, The Limits of Surveillance and Financial Market Failure: Lessons from the Euro-Area Crisis,
